A Memorandum letter to the CTA Home Minister Mrs. Gyari Dolma

A Memorandum letter to the CTA Home Minister Mrs. Gyari Dolma

23th, August, 2012

We, Social Action Movement wants to speak to the issue that is troubling our community and announce following issues to be addressed.

- Why settlement officers do not last long in Bylakuppe? It's known that when appointed representative knows little more about the settlement, he/she is transferred to another place.
- We have learnt that during your tenure as a vice speaker of the Tibetan parliament in exile, you have strongly insisted that the Regional Tibetan freedom Movement, Bylakuppe should be formed with the members from all the provinces and religion sects. On what ground, did you say that?
- Nobody wishes trouble on one's settlement and we regret that some people warned of probable chaos may arise if the things didn't go according their wishes. It has been said in front of the chief election commission, public and settlements secretaries. If the trouble arises, who will take responsibility?

This is a deeply emotional time as well as a rare opportunity for youth, faculty, administrators, and members of our organization to present this memorandum. Let's move forward with a serious commitment to make progress on these complex issues that confront us now by respecting and considering the exile constitution as our supreme law rather than giving concern to some group of people.
